

Commander Marion A. Gregg II, MD MPH MBA FACPM

Commander Marion “Andy” Gregg, II is a 1994 graduate of Triad High School. Being born into a Navy family, Andy spent his early years moving from base to base in support of his father’s career. When he was twelve, the family returned to their Champaign County roots when they moved to Cable, Ohio.

During Andy’s years at Triad, he participated in football, wrestling, baseball, track, marching band, student government, National Youth Leadership Council, and was elected senior class president of his graduating class in 1994. Academically, his interest in science was cultivated by several Triad High School faculty members including Mr. Schlabach and Mrs. Henson who encouraged him to pursue his dream of becoming a physician by focusing on the fields of chemistry and biology while at college.

Upon graduation from Triad in 1994, Andy attended Wright State University in Dayton, Ohio where he received his Bachelor of Science in Biology in 1998 and was nominated for membership to the Golden Key National Honor Society. In 1999, he was selected for the Health Professions Scholarship Program for the US Navy, was commissioned as an Ensign in the US Navy Individual Ready Reserves, and attended Wright State University School of Medicine earning his Medical Doctorate in June 2003.

Andy’s active duty Naval career began upon the completion of his medical degree when he was commissioned as a Navy Lieutenant. After marrying his wife, Sara, in May 2003, Andy reported to the National Naval Medical Center in Bethesda, Maryland where he completed an Internal Medicine Internship.

In 2004, Andy was selected to attend the Naval Undersea Medical Institute (NUMI) in Groton, Connecticut completing training in diving, hyperbaric medicine, radiation health, and submarine medicine. After graduating from NUMI, he spent four years in Groton, Connecticut, serving first as Squadron Undersea Medical Officer for Naval Submarine Support Center New London, Connecticut and later as the Group Surgeon for Commander Submarine Group TWO where he was responsible for the medical care of five submarine squadrons including 36 submarines and more than 6500 submariners and divers. It was during these years Andy’s children Madelyn and Luke were born.

From 2009 to 2011 Andy completed his residency in Preventive Medicine at the Uniformed Services University of the Health Sciences (USUHS) where he received a Master’s in Public Health and was recognized with a Certificate for Excellence in Research while also serving as a Teaching Fellow.

Following residency, Andy reported to US Naval Hospital Okinawa (USNHO), Japan as the Department Head, Preventive Medicine Department, Assistant Director, Public Health Directorate, and Public Health Emergency Officer. During this time, Andy deployed in support of the mission PACIFIC PARTNERSHIP 2012 providing humanitarian assistance and disaster response-preparation to Indonesia and Vietnam and helping to foster international cooperation and support in regional stability and security operations through medical diplomacy. Returning from deployment, Andy served as the Director, Public Health at U.S. Naval Hospital Okinawa, Japan until August 2014.

In September of 2014, he reported to North American Aerospace Defense Command and United States Northern Command (NORAD-USNORTHCOM) in Colorado Springs, CO where he served as the Chief, Preventive Medicine for the NORAD-USNORTHCOM Surgeon General. He helped lead USNORTHCOM Ebola and Zika virus planning and response and global synchronization efforts to include representing the NORAD-USNORTHCOM as the medical lead for staff talks between the United Kingdom and United States effectively establishing joint training opportunities increasing medical interoperability in the deployed setting and in response to pandemic outbreaks of disease. In August of 2016, he began serving as the Officer in Charge for Navy and Environmental Preventive Medicine Unit TWO (NEPMU-2) in Norfolk, Virginia, and is responsible for three Forward Deployed Preventive Medicine Units, as well as public health and readiness support of US military forces across multiple Geographical Combatant Command Areas of Responsibilities to include North and South America.

In March 2019, Andy completed an Executive Master of Business Administration degree from the Naval Postgraduate School and was selected to join the Beta Gamma Sigma International Business Honor Society. He promises his wife that this is “probably his last degree”.

Andy is a Fellow in the American College of Preventive Medicine, board certified in Public Health and General Preventive Medicine and he is qualified as an Undersea and Diving Medical Officer and Submarine Medical Officer. CDR Gregg’s personal decorations include the Defense Meritorious Service Medical, Meritorious Service Medal, Navy Commendation Medal (three), Joint Service Achievement Medal, Navy Achievement Medal, and various campaign and unit awards.
