

Triad Summer School 2020
For Credit Recovery and Enrichment via FuelEducation

Triad is offering Summer School to high school students in order to recover credits that were not received during the school year or to enrich the student educational experience. These courses are being offered by Triad through the FuelEducation online classroom. The student academic support will be provided in the HS auditeria. Triad is able to offer these courses free of charge this year. Our goal is for every student to remain in academic standing to earn a high school diploma after four years of high school.

During the 2020-2021 school year, Triad will be using a different online learning provider, Schools PLP. The Triad contract with FuelEducation, our current online learning provider, ends June 30, 2020, thus, this year summer school will be shortened and ending June 26th. Also, due to the Covid-19 pandemic, students will have access to all course and exam passwords in order to fully complete their courses from home, thus, all academic support sessions are completely optional. To be enrolled in the Triad Summer School program, please complete the attached application. Students will be permitted to work on their coursework from home; however, this is a privilege that can be revoked if dishonesty in quizzes and other assignments is noticed. Students are encouraged to attend the academic support sessions as often as needed; however, students will be required to wear a mask, if they do not have one, one will be provided (also, hand sanitizer will be available and encouraged to be used throughout the academic support session). To better understand the online learning program, please visit the website: www.getfueled.com/

Please reach out to me as soon as possible, if you are interested in taking courses. I will enroll students immediately upon notification so they may work on the courses as soon as they are able.

Academic Support Session Schedule - Held in HS Auditeria (enter via side door near picnic tables)

Tuesday, June 2 - 9am-4pm

Tuesday, June 9 - 9am-4pm

Tuesday, June 16 - 9am-4pm
